

INTERNAL GRANTS COMPETITION FOR STUDENTS

Develop Ideas. Solve Real Problems. Make an Impact

THE COMPETITION AIMS TO SUPPORT STUDENT INITIATIVES, DEVELOP PRACTICAL PROJECT-BASED SKILLS, AND ADDRESS PRESSING CLINICAL NEEDS, AND ITS MULTIDISCIPLINARY CLINIC

ABOUT THE COMPETITION

"The Administration of Avicenna International Medical University, together with the Clinical Residency and PhD departments, announces the start of applications for the Internal Research Grants Competition."

WHO CAN TAKE PART?

Student teams of 3 to 5 people.
"Teams consisting of students from different nationalities are welcome."
"Each team must obtain supervision from a scientific advisor affiliated with the Department of Science, Clinical Residency, or PhD programs."

THEMATIC DIRECTION

Adaptation of international students to the conditions in a new country.
"We are seeking projects that will help our university's international students adapt quickly to a new sociocultural environment, overcome language barriers, maintain good physical and mental health, and acquire practical skills within our multidisciplinary clinic."

HOW TO APPLY

"To participate in the competition, you must submit the following documents to the Scientific Department by August 28, 2026 (inclusive), marked 'Student Grant – Adaptation'.

1. Complete Application form
2. Title of the research work.
3. Brief description of the project
4. "Approval from the scientific supervisor and an estimated project budget (up to 100,000 soms)."
5. Address, telephone number, or Telegram contact

FINANCIAL AND TIME CONDITIONS

- Grant budget: 50,000 soms (per winning project).
- Project implementation plan (per winning project).
- Project implementation period: 4 months (September–December 2026).
- Final project report due by December 26, 2026.

KEY DATES AND STAGES

1. Applications will be accepted August 28, 2026.

2. By September 15, 2026, review of applications, of the winning project and signing of the contract

3. September 15 - December 28, 2026: "implementation of project results into university and clinic practice"

4. Final project report due by December 28, 2026.

DON'T MISS YOUR CHANCE TO BRING YOUR SCIENTIFIC IDEA TO LIFE, CONTRIBUTE TO THE DEVELOPMENT OF YOUR UNIVERSITY, AND RECEIVE FUNDING.
